2/22/05
At the request of Examiner Wang during our conversation on October 1, 2004, a clean version of claim 27 of the previous amendment (without underlining and bracketing) is being provided herewith. The Examiner indicated he had sent out a new office action detailing the MPEP requirements for a new declaration. As the inventors are no longer at Telik, Inc., a declaration will be provided as soon as the signatures from the Inventors are obtained. This communication is being sent to fax number 571-273-0632 at the request of Examiner Wang.

The Commissioner is hereby authorized to charge any appropriate fees under 37 C.F.R. §§1-16, 1-17, and 1-21 that may be required by this paper, and to credit any overpayment, to Deposit Account No. (PA) 03-3117 or (RE) 50-1283.

AMENDMENT UNDER 37 C.F.R. 1.112

OK to enter
S.W.
2/3/05

In response to the Non-Final Office Action mailed September 28, 2004, it is respectfully requested that the Examiner cancel pending Claim 27. A clean copy of the claim was submitted October 5, 2004. As discussed in various conversations with Examiner Wang it was the position of the United States Patent and Trademark Office that an additional Declaration would be required in this case. After discussions with the client it was decided that the subject matter of Claim 27 would be pursued in a separately filed co-pending application as a continuing application. Thus it is requested that Claim 27 be cancelled.

With this change it appears that the application is fully in condition for allowance and all formal matters regarding claims 1-25 have been satisfied. No supplemental reissue oath is required in light of the above cancellation of Claim 27.

The Examiner is requested to contact the undersigned at (650) 843-5104 if it is believed that a telephone conference would be useful in advancing the prosecution of this case.
